1989-1999 Lagonda Centenary Badge

Visited the NEC Classic Car Show today, no Lagondas (that I saw) but I was delighted to snap up this Lagonda centenary enamel badge. I seem to recollect these were issued by the club back in the day so how rare are they? This one has probably never been out of it's plastic case so I'm quite chuffed with it! Will be screwed onto the dash of my 16/80. 🤖
