LR121 at Bonhams July 2021

Written by SRD at Jul 18, 2021 6:51 pm

Placing your car at the right seems to be more important than ever, judging by the result of this car at Bonham's summer jamboree at Goodwood, with no reserve.

Looking at the description, it was written by somebody who knows next to nothing about these cars, another cut and paste job.

Agree Simon, disappointing result. Is it staying in UK do you know?

The classic car market is dreadful for sellers currently. For discerning buyers, however, it's the gift that keeps on giving (although, for how long, I wonder).

Anyway, this sale resulted in a fabulous bargain for a well-known and respected AMOC and LC member. Many congratulations to him.
