

Lagondaforum: V-12 Restoration Blog

V-12 Restoration Blog

Written by milano164 at Mar 19, 2009 3:53 pm

This might have been mentioned before but it is a restoration blog for a V-12.

De Ville 16027 Radio.

The photo shows the radio in my car ,regretfully only this face plate exists, from my investigation it might be a Phillips , whatever it is has anybody ever managed to use the face plate and modify to use it as a modern radio.
