2007 Results and 2008 Events

All known competitors should have had a 2007 Competition Results sheet from me for return by 20th January. If any one has not received one but has taken part in a competitive event please contact me. You might have won something !

Discover what fun racing your Lagonda is and join our teams in 2008. All races are run as a handicap so even last on the track could be first on handicap. I shall be delighted to advise what you need to do to get started. Happy New Year one and all, and thanks to you Peter for the forum. Tim
