2.6 and 3.0 litre Lagonda 1950's adverts

I recently found this nice little site with a fair few Lagonda period adverts, including a fair number for the 2.6 and 3.0 litre models from the 1950's:

Great stuff Simon, thanks for that.

I posted the link to the Lagonda/Aston ads to the AMOC site. The drawings of the "2 lite sports" are remarkable.

Tony hi

I figured it was you on the AMOC site, I also have same user name over there.

A very nice resource for everyone.

Kind regards

Simon

A link to a nice 3.0 litre 2-door Lagonda brochure:
