Lb/290/1/130

Written by David at Feb 03, 2013 3:34 pm

I wonder, does anyone know if LB/290/1/130 with engine VB6J/431 survives? Thanks

Hello

my Lagonda 2.6 dropheat owns the shifter to the floor, the most that I see a picture possesses the shift lever while driving

m we can explain the reason? is this an option? a change?

thank you in advance for answers
