LR138 previous owner

LR138 (registered 98GXR) was owned 1988-2002 approx by Brian Tustain, very much a larger than life character. And the car was on display in his ownership for some time at the AMHT barn, having earlier featured in various books on the marque and being till recently the only Rapide in Snow Shadow Grey

I was visiting my mother's grave recently and Brian's memorial is now nearby, he passed away in Feb 13. RIP
