1934 Lagonda M45 Sedanca de Ville dhc for sale

Written by SRD at May 01, 2014 11:29 am

<http://www.carandclassic.co.uk/car/C494868>

"AUF 77 is a 4.5 litre M45 built in 1934 and one of only two drop head coupes to be clothed in the elegant Sedanca de Ville body, considered by many to be the most attractive 'special order' coachwork ever to adorn an M45 chassis. Constructed & delivered by special order from Lancefield Coachworks of London, AUF 77 is the original registration number.

Fully restored by Aston Workshop during 2006-07 in preparation for her biggest adventure, The Peking Paris Challenge, a photographic record of which can be found here: http://www.aston.co.uk/peking_index/php

The asking price is £400k
