Wanted push rods for Meadows 4.5 Sanction 3

Written by Bill LG45 at Nov 21, 2014 1:04 pm

Need to replace some of the push rods on my engine (4.5 Sanction 3), does anyone have any to spare?

Note: The club has some spare Sanction 1 or 2 push rods but these are too short, Sanction 3 had a deeper cylinder head so the push rods are longer (12 5/16 inches)

Thanks

Bill
