

## Lagondaforum: Aluminium Wings and Bonnet for LG45 Saloon

### Aluminium Wings and Bonnet for LG45 Saloon

*Written by Bill LG45 at Sep 29, 2015 11:11 am*

Morning All

I recently purchased these aluminium front wings and bonnet for LG45 off a Club member on ebay intending to put them on the shelf as spares for my DHC.

Having compared them in detail with my car it seems that there are sufficient differences between the Saloon and DHC so these are available if anyone with a Saloon needs them.

We shall be at the AGM and look forward to seeing those who can make it!

Cheers

Bill Cooper
